

HOLY TRINITY LUTHERAN CHURCH PRESENTS

OPENING RECEPTION
SUNDAY FEBRUARY 7, 11 – 3 pm

ARTIST'S STATEMENT: We consume so many natural resources. We waste, mistreat and exploit the earth and God's creation. We demand so many things in our lives to make us more "comfortable"—so much so that our environment is suffering because of our huge demand.

As the land, our environment and livestock become more abused and exploited, it is our children who will pay the price.

I express these convictions in my art to remind myself and others to be aware of the extent of our lust for "consumerism."
