## LONGFELLOW SCHOOL TO CELEBRATE 100TH YEAR WITH EVENT ON DEC. 6

(Excerpted from the *Longfellow Messenger Newspaper*)

Longfellow High School (formerly Longfellow Elementary School) is inviting past and present alumni, staff, neighbors, and friends to help celebrate the school's 100th Anniversary on Thur., Dec. 6, from 3:30-7:00 p.m. Located at 3017 E. 31st St., the venerable brick building has seen a lot of change since it was built in 1918.

The school currently serves pregnant and parenting students between the ages of 12-21, and their children. Part of the Minneapolis Public School (MPS) system, Longfellow High School is an Alternative Learning Center with on-site child care and required parent education classes for all students.

Science teacher and event organizer Lauren Tolbert said, "I'm very proud of our school, especially because of everything our students have to deal with. Being teen moms, they're often balancing being heads of households, raising children, and finishing their educations so they can support their families better. When the ALC opened in 2013, we had to make significant changes to the building so that it could function as both a high school for 85 students and a family center for nearly as many infants and small children. The anniversary celebration is a chance for people in the community to see how it all works."

Longfellow High School enjoys an unusually close relationship with the neighborhood it sits in. "The students who come here, on average, have attended as many as seven different schools," Tolbert explained, "It's rare that a student transfers out of Longfellow."

The relationships that students build here, with each other and with the staff, are essential for their success in school. A stipulation of being here is that each student must agree to attend daily prenatal, infant, toddler, or preschool child development classes (depending on their progression of pregnancy and parenting level). They're not only graduating with a high school diploma; they're learning how to be well-informed parents."

Nearby Holy Trinity Lutheran Church has provided substantial, ongoing support and encouragement to students and their children. Upwards of 30 church volunteers teach knitting classes, bring Quarterly Award ceremony treats, "adopt" families at holiday time, and are present for every school function and celebration. Through their food distribution program Fare For All, [Holy] Trinity donates vouchers for free, nutritious boxes of food to six students each month.

The East Lake Library is also closely connected with Longfellow High School through book donations and librarian visits. Students and their children are encouraged to visit the library as well. Principal Dr. Padmini Udupa said, "We work hard to get our students out in the community so that they can experience its many assets firsthand."

Udupa was quick to add, "It's important that our students aren't always on the receiving end of kindness; we also help them find ways to give back. Last year, several students worked with volunteers from Holy Trinity Lutheran Church to make polar fleece blankets that were then donated to Children's Hospital in Minneapolis."

Udupa continued, "One of the things we need to develop this year is more service learning opportunities for our students during school hours. If there are businesses within walking distance that could use a small group of students (and an accompanying staff person) to do meaningful volunteer work, we encourage them to contact us."

It will be held in the Bartsch Room from 5:30-6:30 p.m. Come anytime during the hour, but plan on spending 15-20 minutes to allow children to visit all stations. The second will be our traditional Service of Evening Prayer at 7:00 p.m. in the Bartsch Room. People of all ages are invited to worship (including young children). This year's theme is "Singing Our Stories."
