

**Stepping Out in Faith:
Our Shared Community and Our Shared Home
Working Groups application**

The Stepping Out in Faith task force recently concluded its work of determining how the proceeds from the sale of Trinity Apartments will be apportioned, with the congregation approving a proposal at the 2021 Congregational Meeting. Two sections of the approved plan require additional working groups.

“Our Shared Community” will determine how Holy Trinity collaborates with Longfellow Rising and other community partners in the rebuilding of the community surrounding the church. “Our Shared Home” will determine the priority and timing of capital improvements to the church building and grounds. Both groups will work collaboratively with the Holy Trinity Church Council, and the time commitment for each group will depend upon the decisions made but is not expected to extend beyond early 2022.
